

TIGERTRADE

Leap into Global Markets

www.TigerTrade.com

TigerTrade is a business-to-business website connecting US firms to Southeast Asian markets, including Indonesia, Thailand, Cambodia, and Vietnam. With TigerTrade, US companies can explore new markets on-line, find more competitively priced suppliers, and build business relationships to increase distribution and sales.

TigerTrade will launch in Indonesia in November 2010, focusing on the apparel, textiles, footwear, furnishings, and home accessories industries.

How it Works

Through the TigerTrade website, businesses can:

- ✓ Browse business profiles with company information, certifications, product photos, and videos.
- ✓ Search for prospective partners by industry, company, and product specifications.
- ✓ Access in-depth country profiles and local industry information.
- ✓ Identify local resources for due diligence, shipping, and other services.

TigerTrade's website is a flexible on-line platform that allows firms worldwide to **connect**, **manage**, and **grow** business relationships.

Secure Communication

No contact information is shared on profiles. Businesses communicate through the secure TigerTrade e-portal, a double-blind e-mail system, which ensures privacy.

Certification

TigerTrade vets and certifies all members, ensuring a high quality and reliable membership database.
